Domino Design

Designed for Real Life

- Minimum operator intervention
- Service free operation
- Robust IP 66 electronics
- Optimised system, reducing waste

i-Pulse

Print Head & Inks

- Perfect drops every time
- 9 drop quality at 7 drop speeds
- Inks for even the toughest substrates
- Matching of print heads and ink
- Multiple print size options

i-Techx

Putting you in Control

- Designed for the factory of the future
- Smartphone usability levels
- High Speed Serialisation
- Flexible configurations

Ax350i CIJ PRINTER

Ax350i CIJ Printer

New Inks, New Capabilities

Designed for even the most demanding applications our new highly-reliable i-Pulse inks easily adhere even after harsh post-print processes including retort (sterilisation) and blast freezing offering high-contrast codes even suitable for direct food-contact. Available in black, blue, yellow, red and white producing highly durable codes for the lifetime of your product.

Clean And Clear Codes

High resolution print messages and multiple line codes are available at your fastest print speeds allowing large amounts of data for high-speed, rapid throughput printing. Higher quality codes are optimised for Machine Readable Codes (MRC) and Optical Character Recognition (OCR) systems helping to reduce rejects.

Smooth Integration

Operation is simple. With language and character options in the Domino QuickStep software you can set the ideal touchscreen format for your operators ensuring easy-operation. The Ax150i can be customised using plug and play add-ons to enable additional functionality available at install or for later upgrades.

SafeGuard Service Plan

Fix your spares and service costs for up to seven years with our SafeGuard packages. Remote diagnostics often gets you up and running immediately or ensures a Domino engineer arrives prepared and with the right genuine spares. Additional options include training, optimisation visits, priority response, remote monitoring and 24/7 helpdesk.

Tech Corner

As a member of EuPIA Domino can supply inks which are manufactured in accordance with current EuPIA Good Manufacturing Practices. Domino inks also take into consideration Inventory Lists like the Swiss List, and we offer a number of solvent bases that are drug precursor free.
